

Drunken Chicken Cooker

flavor from the inside • heart healthy low fat

Our pottery is lead free food safe.

*Most tender, moist & tasty chicken
you have ever eaten.*

For best results do not use frozen chicken.

Easy Clean Up • Dishwasher Safe

How to use:

1. Spray inside of cooker with oil. Then add spices & beer in the center cup until it is 3/4 full.
2. Rub spices inside & outside the chicken. Open the cavity of the chicken & stretch over the cup and push down; allowing the cup to go inside the chicken.
3. Place ball of foil in the hole where the neck used to be, or pull skin over the hole and pin it with toothpicks. Put the chicken in the oven or BBQ at 350° for about 2 hrs. or until the thickest part of the chicken reaches 180°.

CAUTION: DO NOT LET FLAME FROM THE GRILL COME IN CONTACT WITH COOKER, IT WILL CRACK.

Place a piece of foil under cooker to shield from flame.

Completely wrap chicken in foil for even juicier, more tender chicken.

**American Made
Hand-Turned Stoneware**
